Shape Your Future - Go One Better

13th November, 2024

Dear Parent/Guardian

Oberon High School is looking forward to another great year of teaching and learning and would like to advise you of Oberon High School's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support.

Within our school this support allows us to offer a wider, more enhanced experience above and beyond what the government funding covers, allowing students to shape their future and go one better.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely

Tim McMahon
Principal

A range of support options are available to assist parents, and parents can also organise a payment plan for extra-curricular items and activities with the School Family Accounts Officer.

Support Agencies and Funds

Oberon High School has established partnerships with some welfare and support agencies that can provide assistance to students and their families with the costs of text books, uniforms and school shoes. Access to these supports is available through referral from the Student Wellbeing Manager. Families generally require a current relevant Centrelink benefit card to access these supports. Please contact the Student Wellbeing Manager. The school is also registered with Centrelink to receive payments via their Centrepay system which is only available to holders of relevant current Centrelink benefit cards.

Camps, Sports & Excursions Fund (CSEF)
